

Message from Shihan Koen Spitaels

Dear Fullcontact Karate Friends,

In name of the EFKO I would like to invite you to take part in a unique competition. For the first time ever you will witness the **“1st On-line Open World Karate Kata Cup for Clubs”**. In the spirit of our strong collaboration, this competition will be an open competition for all Fullcontact karate organizations. Also, the organizers will invite referees from various Kyokushin organizations to ensure that everyone has equal opportunities.

After the success of the “1st online European championship kata” and two online European kata Cups, we have full confidence that the organizers, WKO Lithuania led by Romas Vitkauskas, will also make these World Tournament a valuable and unique top event.

We hope for a large participation from many countries and various organizations. It is a wonderful initiative to bring our large Fullcontact karate family together because our moto remains “Together we are better”. I am really looking forward to the strong performance of our participants.

Dear friends, accept this challenge and compete for a podium place in this 1st online World Kata Cup.

Good luck, may the best karateka win.

Big Osu!

Koen Spitaels Shihan
